

EXCELLENT THESIS AWARDS 2021

IEEE Computational Intelligence Society Malaysia Chapter is now accepting nominations for *Excellent Thesis Awards* to recognize outstanding research work and theses by Postgraduate Students in the area of computational intelligence in the last year.

CATEGORIES

The following TWO AWARD CATEGORIES are open for nomination:

1. IEEE CIS Malaysia **BEST PHD THESIS** Award
2. IEEE CIS Malaysia **BEST MASTER'S THESIS** Award

ELIGIBILITY

The eligibility criteria for both awards are as follows:

1. The thesis was accepted by the Senate of a Malaysian Institution of Higher Learning (IHL) within 1st June 2020 until 10th October 2021.
2. The applicant must be a student (full-time or part-time).
3. The applicant must be a member of IEEE CIS at the time of submission.
4. The submission have not received a similar award previously.

EVALUATION AND AWARDS

All submissions will be reviewed by an expert panel from the thesis' sub-area of computational intelligence research. Award recipients will be selected based on the contributions and novelty of work.

Winners will be awarded with a certificate of recognition and monetary gifts (**RM500 for Best PHD Thesis** and **RM300 for Best Master's Thesis**).

Application Deadline: 10th October 2021, 11.59pm
Incomplete applications will not be considered.
